

Universidad  
Carlos III de Madrid

Electrical and Computer Engineering Department

The Coordinator of the Master on Information and Communication Electronic Systems of the Spanish University of Distance Education (UNED) and the Coordinator of the Master on Production and Management in eLearning of the Carlos III University of Madrid (UC3M),

Declare that

since 2012 our research and teaching innovation groups collaborate in learning innovation and management as well as in research projects related to the topics of both Master degrees.

Madrid, 15th of January 2015

Clara Pérez Molina  
Coordinator  
Master on Information and  
Communication Electronic  
Systems of UNED

Carlos Delgado Kloos  
Coordinator  
Master on Production and  
Management in e\_Learning  
of UC3M
