**Subject: Collaboration on International Master in Information and Communication Systems (ICS)**

Research Vice Rector,

On behalf of the Institute for Technical Infomatics at Graz University of Technology, we agree to support as appropriate the international Masters programme in Information and Communication Systems (ICS).

We contribute to the Masters programme within the course "Wireless Communications". This support is being developed in the course of the project RIPLECS.

Yours sincerely,

Prof. Eugen Brenner  
Dean of Studies for Telematics and  
Deputy Head of Institute for Technical Informatics
